Section 2. Maximum Willingness to Supply ("MWS")

The Bidder may, but is not required to, specify a Maximum Willingness to Supply for a Segment and a month. The Maximum Willingness to Supply for a Segment and month is the maximum number of blocks that a bidder may win for that Segment and that month. The Maximum Willingness to Supply is set at its default value, which is the number of blocks bid for that Segment and that month, unless the Bidder specifies otherwise below. The default values for the Maximum Willingness to Supply are given in the "Default MWS" row below. The Bidder may specify another value in the "MWS" row below.

Section 2. Maximum Willingness to Supply ("MWS")

The Bidder may, but is not required to, specify a Maximum Willingness to Supply for a Segment and a month. The Maximum Willingness to Supply for a Segment and month is the maximum number of blocks that a bidder may win for that Segment and that month. Unless the Bidder specifies otherwise, the Maximum Willingness to Supply is set at its default value, which is the minimum of: (i) the number of blocks bid for that Segment and that month; and (ii) the target for that Segment and that month. The default values for the Maximum Willingness to Supply are given in the "Default MWS" row below. The Bidder may specify another value in the "MWS" row below.
