Block Product Information:

This RFP solicits suppliers to deliver specific quantities of on-peak and off-peak energy in various months over the period October 1, 2017 through May 31, 2020. All on-peak hours in a given month constitute the on-peak Segment for that month and all off-peak hours constitute the off-peak Segment for that month. A Product is a constant quantity of energy to be delivered at the applicable company zone (either the Ameren Illinois Company Load Zone, the Residual ComEd Zone, or the MidAmerican Energy Company Zone) in either the on-peak Segment or the off-peak Segment of a specific month.

The Target for a Product is the quantity of that Product that this RFP seeks to procure expressed in numbers of 25 MW blocks. The Targets for AIC are given in Table 1, the Targets for ComEd are given in Table 3, and the Targets for MEC are given in Table 5 below. This RFP seeks to procure sixty-four (64) Products for AIC, sixty-four (64) Products for ComEd, and eighteen (18) for MEC.

A Bidder may bid on any number of Products and may bid on all Products. For each Product, a Bidder may bid on any number of blocks up to and including the Target for that Product.

MWS Instructions

The Bidder may, but is not required to, specify a Maximum Willingness to Supply for a Segment and a month. The Maximum Willingness to Supply for a Segment and month is the maximum number of blocks that a bidder may win for that Segment and that month. Unless the Bidder specifies otherwise, the Maximum Willingness to Supply is set at its default value, which is the minimum of: (i) the number of blocks bid for that Segment and that month; and (ii) the target for that Segment and that month. The default values for the Maximum Willingness to Supply are given in the "Default MWS" row above. The Bidder may specify another value in the "MWS" row above.

If a Bidder submits a Maximum Willingness to Supply for a Segment and a month, that Maximum Willingness to Supply must be equal to or less than the Default Maximum Willingness to Supply for that Segment and month. If the bidder submits a Maximum Willingness to Supply that is greater than the Default Maximum Willingness to Supply for a Segment and month, that Maximum Willingness to Supply submitted by the Bidder will be ignored and discarded. The Default Maximum Willingness to Supply will be used instead.
