On Thursday, October 19, 2017, the Illinois Commerce Commission (“ICC”) approved the results of the Fall 2017 Utility Distributed Generation RFP (“DG RFP”).

In accordance with the Act and ICC Orders, the Procurement Administrator is releasing the information concerning the results of the DG RFP. Please see the [Results](#) page of the [Fall Utility DG Section](#) of the procurement website.

DG RFP ANNOUNCEMENT: The Bid Window is Now Closed

Published Date: 2017-10-13 13:00:59

The Bid Window for the Fall 2017 Utility Distributed Generation RFP (DG RFP) is now closed. Bids were due during the bid window **between 8 AM and 12 PM (noon)** Central Prevailing Time. **You must be available by phone** for the cure deficiency period **between 12 PM (noon) and 1 PM** Central Prevailing Time.

Any Bid on any product submitted for this solicitation is binding until seventeen (17) business days after the Bid Date. Once your Bid Form has been submitted, either by the electronic transfer system or one of the backup methods, the exclusive way to change your Bid is to supersede it by submitting another Bid Form. As stated in Paragraph VI.2.5 of the RFP Rules, the last Bid Form submitted in accordance with all requirements of the Bid Form and of Article VI.2 automatically supersedes all previously submitted Bid Form(s). A Bid Form that has been deleted and not superseded, may be evaluated.

The Act requires the Procurement Administrator to notify Bidders that the Procurement Administrator may, in its discretion, enter into post-bid price negotiations with Bidders. The Procurement Administrator has decided that there will be no post-bid negotiations.

DG RFP – Abbreviated Requirements for Systems Returning from Spring 2017

Published Date: 2017-09-07 12:16:59

The Fall 2017 Distributed Generation Request for Proposals (“DG RFP”) will procure Renewable Energy Credits (“RECs”) from distributed generation (“DG”) resources. The Procurement Administrator expects to post final Part 1 Proposal materials later today to the [Final Materials](#) page of the Fall Utility DG section of the procurement website.

A Bidder that successfully completed the Part 1 Proposal for a prior procurement event under a Distributed Generation RFP is said to have “previously qualified”. A system is said to be “returning” if all required information for such system was submitted by the Bidder in response to the Spring 2017 Utility DG RFP (“Spring 2017 RFP”) and if such project was not part of the Bidder’s winning Bids. As a previously qualified Bidder from the Spring 2017 RFP, you are eligible to present returning systems in your Part 1 Proposal under the Fall 2017 DG RFP.

Special Request!

If you intend to participate in the Fall 2017 DG RFP, and you wish to include returning systems in your Proposal, please communicate this intent to the Procurement Administrator by [responding to this email](#). The Procurement Administrator will then provide you via email the information currently on file for your returning systems. Instructions on how to update the system size and other characteristics will be provided to you at that time.
