

Appendix 4
Supplemental Photovoltaic RFP
Bid Form - General Information
Thursday, June 18, 2015

Template Information:

In addition to this 'General Information' sheet, this Bid Form contains the following two (2) sheets:

- 1) sub-25 kW Bids
- 2) 25-500 kW Bids

Bidder Information:

Name of Seller
Contact Name
Phone Number
Email

Bidder information is incomplete. All fields are mandatory.

Product Information:

A REC is a Standard REC and represents all environmental attributes for 1 MWh of energy from a renewable source.

There are two different Products each corresponding to the size of the system that generated RECs.

The two (2) products are defined below:

1	sub-25 kW	RECs generated from systems less than 25 kW in size. There are two types of sub-25 kW bids: (i) RECs bid from identified systems; (ii) forecast quantities.
2	25-500 kW	RECs generated from systems 25 kW in size or greater and 500 kW in size or less.

Budget Information

The Procurement Plan Specifies a Budget, which is \$5,000,000. The cost of RECs procured through this RFP will not exceed this Budget.

Complete and Sign Certification:

I, , certify under penalty of perjury that I am authorized to submit these Bids.

By affixing my electronic signature below I understand and agree to the following: Any Bid submitted in response for this procurement event is binding until ten (10) business days after the Bid Date. Each Bid constitutes a binding and irrevocable offer to RECs from a DG PV system at the price provided as the Bid and under the terms of the contract. All Bids together constitute a binding and irrevocable offer to supply, under the terms of the contract, the number of RECs for each system at each price submitted. If the ICC approves some or all of the Bidder's Bids, a binding and enforceable obligation arises under the terms of the contract to execute the contract and deliver RECs to the Illinois Power Agency for which the Bidder's Bids are approved by the ICC on the schedule specified in the contract.
