Appendix 7B (2021-2023 Delivery Years)
MWS for 2021-2022
Due Monday, September 14, 2020 between 8:30 AM and 10 AM (CPT)

MWS Description:

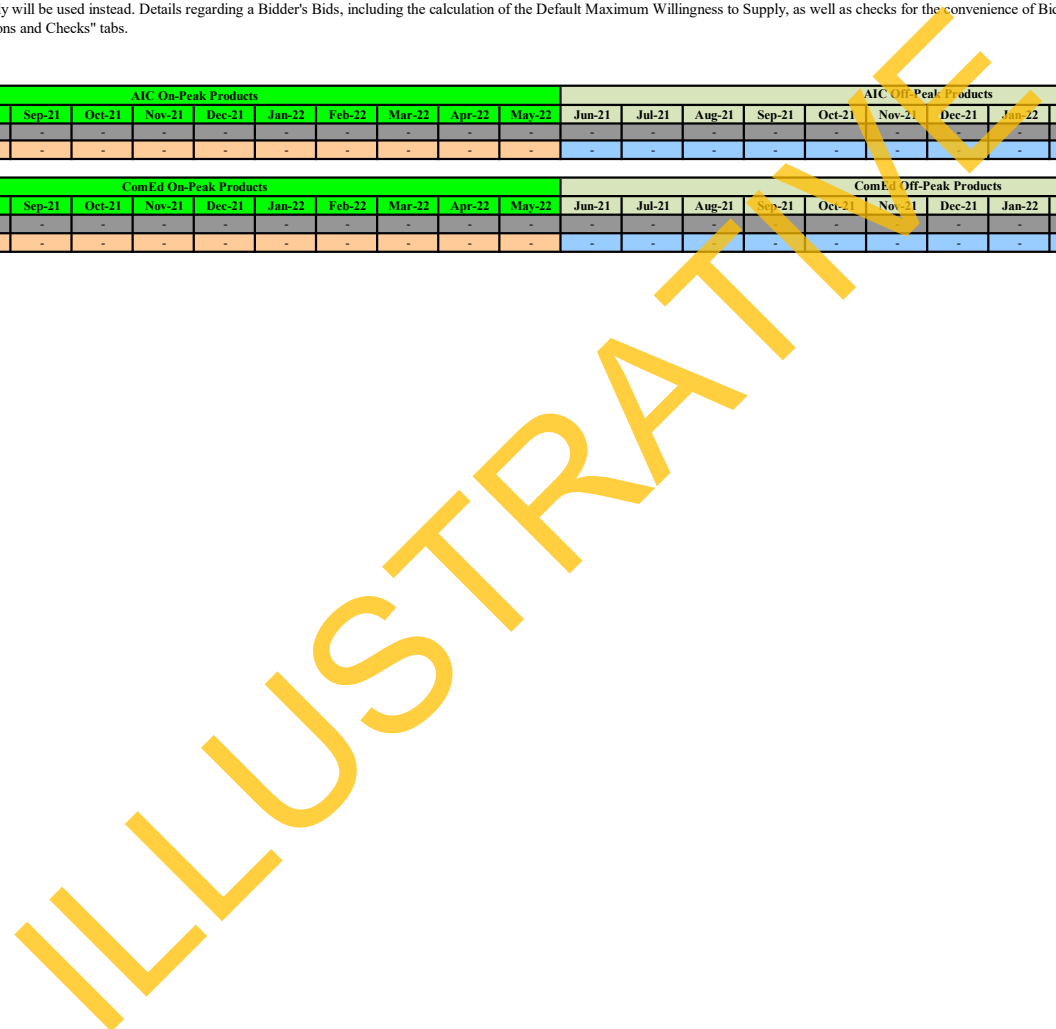

The Bidder may, but is not required to, specify a Maximum Willingness to Supply for a Segment and a month. The Maximum Willingness to Supply for a Segment and month is the maximum number of blocks that a Bidder may win for that Segment and that month. Unless the Bidder specifies otherwise, the Maximum Willingness to Supply is set at its default value, which is the minimum of: (i) the number of blocks bid for that Segment and that month; and (ii) the target for that Segment and that month. The default values for the Maximum Willingness to Supply are given in the "Default MWS" row(s) below.

Instructions:

The Bidder may specify another value in the "MWS" row(s) below. If a Bidder submits a Maximum Willingness to Supply for a Segment and a month, that Maximum Willingness to Supply must be equal to or less than the Default Maximum Willingness to Supply for that Segment and month. If the bidder submits a Maximum Willingness to Supply that is greater than the Default Maximum Willingness to Supply for a Segment and month, that Maximum Willingness to Supply submitted by the Bidder will be ignored and discarded. The Default Maximum Willingness to Supply will be used instead. Details regarding a Bidder's Bids, including the calculation of the Default Maximum Willingness to Supply, as well as checks for the convenience of Bidders, are provided in a "Checks and Flags" section for each Company on the "Calculations and Checks" tabs.
