ILLINOIS POWER AGENCY FALL 2023 INDEXED RENEWABLE ENERGY CREDIT RFP <u>ILLUSTRATIVE</u> PART 1 FORM

Public Act 102-0662, the Climate and Equitable Jobs Act, was signed into law and became effective on September 15, 2021. In accordance with the Act, the Illinois Power Agency ("IPA") filed its 2022 Long-Term Renewable Resources Procurement Plan ("2022 Long-Term Plan") with the Illinois Commerce Commission ("ICC" or "Commission")¹. The Final Modified Plan upon Reopening dated May 9, 2023 is the current 2022 Long-Term Plan approved by the Commission. As approved by the ICC, the 2022 Long-Term Plan provides for a procurement of renewable energy credits ("RECs") from new utility-scale wind projects, new utility-scale solar projects, and new brownfield site photovoltaic projects. The RECs procured in this procurement event must meet the definition of Renewable Energy Credit and Indexed Renewable Energy Credit as defined in Section 1-10 of the IPA Act.

Through this procurement event, the IPA will solicit twenty-year contracts for 5,600,000 RECs delivered annually from new utility-scale wind projects, 1,100,000 RECs delivered annually from new utility-scale solar projects, and 127,000 RECs delivered annually from new brownfield site photovoltaic projects for the portfolios of Ameren Illinois Company ("AIC"), Commonwealth Edison Company ("ComEd"), and MidAmerican Energy Company ("MEC"). Each of AIC, ComEd, and MEC is referred to as a "Company".

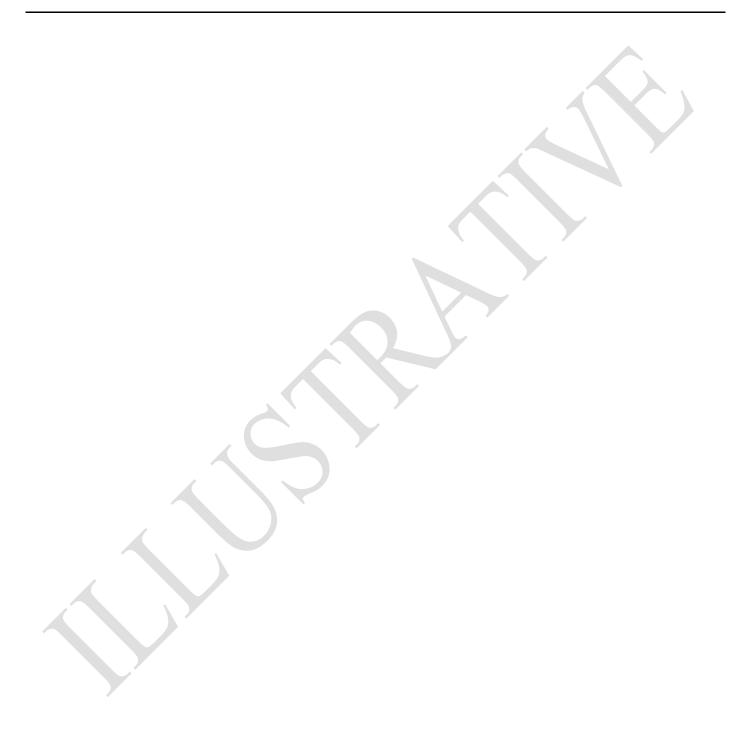

The Part 1 Proposal consists of the online Part 1 Form and attachments that are uploaded to the application website (or sent to the Procurement Administrator via email). Before completing the Part 1 Form for the Indexed REC RFP, please review the RFP Rules and the Indexed Renewable Energy Credit Agreement ("Indexed REC Contract" or "REC Contract") so that you understand the conditions under which the Indexed REC RFP will be conducted. These documents are available on the procurement website, www.ipa-energyrfp.com.

By submitting a Part 1 Proposal in response to the Indexed REC RFP, you agree to all the terms and conditions of the Indexed REC RFP.

¹ The IPA filed its 2022 Long-Term Plan with the Commission on March 21, 2022. The Commission's decision on the 2022 Long-Term Plan is provided through its Order dated July 14, 2022. The IPA issued a final 2022 Long-Term Plan in a ccordance with this Commission's Order on August 24, 2022. On December 2, 2022, the IPA petitioned the Commission to reopen the proceeding that approved the 2022 Long-Term Plan and filed a modified 2022 Long-Term Plan. The Commission's decision on the modifications to the 2022 Long-Term Plan is provided through its Order on Reopening dated May 4, 2023. The current approved 2022 Long-Term Plan is the Final Modified Plan upon Reopening dated May 9, 2023. These documents are available on the Illinois Power Agency website here: https://ipa.illinois.gov/energy-procurement/current-approved-plan.html.

Bidders must pay the Bid Participation Fee to the IPA as a condition of all Projects presented by the Bidder fulfilling the requirements of the Part 1 Proposal. The Procurement Administrator will issue instructions for the payment of the Bid Participation Fee prior to the opening of the Part 1 Window that will include the available methods of payment. The Indexed REC Contract includes, as Exhibit E, a standard Irrevocable Standby Letter of Credit for a Company that may be used to post security under the terms of the Indexed REC Contract. This letter of credit is referred to as the "Post-Bid Letter of Credit". There are two (2) options for the Post-Bid Letter of Credit as well as more than one sample for the Letter of Full Transfer.

A Bidder may, in the Part 1 Proposal, provide comments on or propose modifications to the Post-Bid Letter of Credit drawn for the benefit of a Company. If the Issuing Bank will be submitting a Pre-Bid Letter of Credit for a Company by electronic means, the Standard Pre-Bid Letter of Credit – Electronic Version must be used for that Company ("Electronic Version"). If the Issuing Bank will be submitting a Pre-Bid Letter of Credit for a Company by overnight delivery service, the Standard Pre-Bid Letter of Credit – Hardcopy Version must be used for that Company ("Hardcopy Version").

The Standard Pre-Bid Letters of Credit are provided as appendices to the RFP Rules. The Electronic Version and Hardcopy Version for a Company contain different terms to accommodate transmission and presentation of documents either by electronic means or overnight delivery service. A Bidder may include any modifications to the Standard Pre-Bid Letter of Credit acceptable to that Company, applicable specifically to either the Electronic Version or Hardcopy Version, and posted to the procurement website. Each of the Electronic Version and Hardcopy Versions of the Pre-Bid Letters of Credit have been posted in separate zip files.

A Bidder may, in the Part 1 Proposal, provide comments on or propose modifications to each Pre-Bid Letter of Credit drawn for the benefit of a Company.
